Emergency Department

Mountain View Regional Medical Center Emergency Department is located on the 2nd floor of the hospital and is staffed with highly qualified physicians and nurses, 24-hours a day, seven days a week. Our department provides treatment for most types of injuries and illnesses, from cardiovascular crises to scrapes, bruises and sprains. Our staff provides better, faster treatment through our ProMed Patient Information System.

Inpatient and Outpatient Surgery

The decision to have surgery is one that is well thought out by both you and your doctor. Our surgical unit relies on a talented and diversified team of physicians, CRNA's, nurses and technicians to make certain you have the best outcomes from your procedure. Our skilled physicians and outstanding surgical nursing and support staff, possess specialized knowledge and experience in preoperative and postoperative care.

Our experienced team of surgeons represent specialties ranging from ortho to general surgery. Our services also include laparoscopic, bronchoscopic, endoscopic, gynecologic, orthopedic, oral, and urology.

Intensive Care/Stepdown Unit

The Intensive Care Unit at Mountain View Regional Medical Center is a 4-bed unit utilizing state of the art technology. The unit is staffed with a highly qualified, caring staff providing excellent care. Our patients include medical, cardiac, post-surgical, and minor trauma. Our patients are monitored 24-hours by station based monitors.

The Stepdown Unit is a 4-bed unit designed to serve as an intermediate level of care adjacent to the ICU. The focus is adult and geriatric patients who require closer observation than can be provided on the Medical/Surgical Unit.

Teamwork is evidenced by the presentation of care you will be receiving from all disciplines within the hospital.

Medical/Surgical Unit

The Medical/Surgical Unit at Mountain View Regional Medical Center is a 42-bed unit specializing in acute care treatment and post-operative recovery. Our team of experienced nurses provide compassionate, quality care centered around you our customer and your needs.

Skilled/Long Term Care Unit

Mountain View Regional Medical Center Skilled/Long Term Care Unit is a 44-bed dual-certified unit specializing in long term care and skilled care. Our tenured, compassionate staff pride themselves in providing the highest quality care to our long term care residents and skilled patients. Our residents love us!

Our Skilled Care services specialize in your recovery after your hospital stay while you regain your strength and resume daily life. You will have daily opportunity to work with our Physical Therapist, Occupational Therapist, Respiratory Therapist depending on your level of need and specific condition.

Recovery time can vary after a hospital stay, but at Mountain View Regional you will no longer have to leave the hospital and move to another facility when you need a few more day to recovery before going home. You can depend on close-by, expert care for yourself or your loved ones, all in the same building on our 4th floor.

If you find that you or your loved one is in need of skilled care services following a stroke, fall, surgical procedure or hospital stay; Mountain View Regional is the right choice.

Individual treatment, attentive care, and convenience in our home-like atmosphere all adds up to a faster recovery.
